

Dear 2A,

I am missing you all so much!

It is very strange not being in school every day and seeing your wonderful smiling faces, but I have really enjoyed speaking to you and your parents every week on the phone to check you are all okay.

I hope you are all having fun at home and making sure that you are enjoying lots of time with your family. I am so proud to hear that lots of you are working hard at home so you don't forget any of the amazing things we have learnt so far this year. You are all making me so proud. 😊

I have been doing lots of things with my little boy Max, we have been baking and painting which has made a real mess of my house! He hasn't been going to Nursery either and is finding it strange being at home with me every day.

Don't forget to go on the Timestable Rockstars website so we can all become whizzes at our times tables. Use the QR code and log in details in the front of your reading records to get on the website. I can see how many coins you have won on the website, some of you are doing so well! Keep it up!

Remember to keep checking the school's website because I keep adding new exciting things for you to learn at home. If you go onto the internet, type in 'Oasis Academy Clarksfield', click on the tab that says 'Learning' then look on the 'Learning at home' page, you will see all the things that I keep posting for you. Try to do just a little bit every day.

I can't wait to see you all again soon. Keep smiling. 😊

Miss Morrish x
